Couse ID: 1714011111 **Description:** Principles of Political Science

Full Course Description: This course deals with political theory, political thought, and the most important doctrines and political ideologies. It also discusses the most important political systems, forms of state, public opinion, pressure groups, and political parties. It also deals with the general presentation of international relations in terms of its concepts, foreignpolicy, and contemporary international problems. The course also examines foreign policy, its objectives, its instruments, and factors affecting it.

Couse ID: 1714011214 **Description:** International Law

Full Course Description: This course deals with the definition of International Public Law, its characteristics, resources, and persons, with the definition of the international law system and its relation to national legal systems. The course also aims to study the state within the framework of the international law system with the consequent issues such as international borders, recognition of states and governments, international responsibility, and international balance.
